LEGISLATURE

(Continued From Page One.)

Senate bill No. 1, introduced by Senator Cowles, would create a legislative fund of \$60,000 and \$20 would be allowed each senator for stationery under senate resolution No. 1, also introduced by Cowles.

A special order was made for the hearing today at 2 p. m. of two senate bills vetoed by the governor at the last session of the legislature. One of these bills, No. 72 provides for the organization, control and equipment of high school cadet companies and the promotion of rifle practice, and the other, No. 4, would amend the act providing for the establishment of evening schools.

The senate went into joint session with the house to hear the reading of the governor's message.

Few members of the senate or assembly realize just how near the Republicans came to failing in organizing the senate Monday. As a matter of fact, they had no assurance of a clear majority till a very short time before the caucus was held to determine on the president pro tempore and the appointment of attaches.

Neglect on the part of any of the Republican members to invite J. H. Sheehan, elected in Humboldt county on an independent ticket, was responsible for the mix-up. As a matter of fact, the Republican caucus only contained eight members one short of a clear majority. But Sheehan, who was communicated with by telephone Sunday afternoon, indicated his willingness to help the Republicans organize the upper house provided his desires on committee appointments were gratified.

As a matter of fact, Senator Sheehan made no demands that were unjust, and the Republicans lost no time in making a deal with him.

Owing to the absence of Senator Diney, the Democrats would have been unable to organize the senate had Senator Sheehan found it inconvenient to line up with the Republicans.

Governor Boyle's recommendation that an investigation be made by a legislative committee into the activities of the department of highways resulted in the introduction and adoption of a senate concurrent resolution Tuesday providing for the appointment of four members from each house to investigate the acts and expenditures of that department. The committee is to report within 30 days and will have the usual power of subpoena and punishment of witnesses.

A similar committee will be appointed under the provisions of senate concurrent resolution, introduced and adopted in the senate yesterday, for the investigation of various state commissions with a possible view of consolidation. This resolution, like the highway investigation resolution, was introduced by Cowles.

Thanks of the state will be extended to the Lincoln Highway association, under the provisions of a resolution introduced by Harrington and adopted by the senate, for the donation of \$125,000 to be used in the construction of Nevada roads.

HENDERSON TO STAY IN SOUTHERN CALIF.

(By Associated Press.)

LOS ANGELES, Cal., Jan. 19.—Rumors that Elmer Henderson, coach at the University of Southern California here, might go to the University of Washington or to some middle western college next football season were found false when it was announced here recently that Henderson had signed a contract for another year.

"We intend that Henderson shall remain here," Graduate Manager Henry W. Bruce said in announcing the contract had been signed. "He is popular not only because he has lost but one football game in two years, but because he is a man to whom the players look up to and respect."

LINE BROKEN BY THE GREEK NATIONALISTS

(By Associated Press.)

LONDON, Jan. 19.—Official reports received here seem to controvert the claims of the Turkish nationalists that they had broken the Greek front in Asia Minor.

Both diplomatic and military reports state that conditions on the Greek front are very quiet, and if any advance has been made, it has been on the part of the Greek troops.

NEW STATE CAPITOL BUILDINGS ERECTED

(By Associated Press.)

OLYMPIA, Wash., Jan. 19.—Washington's new state capitol group of buildings being erected here on a site overlooking Puget sound, will be one of the finest set of buildings of its kind in the nation, Clark V. Savidge, state land commissioner, declared in his annual report made public here recently.

The buildings, Mr. Savidge declared, will be completed at a cost of approximately \$25,000,000, without a cent coming from the taxpayers. Money received from state capital lands in various parts of the state is expected to meet the cost of the buildings. It will take 10 years to complete the \$25,000,000 work.

ASSAY OFFICE AT CARSON CITY TO CLOSE

Unless the United States senate revives the Carson mint and assay office, it will become a matter of history on June 30 of this year.

When the house of representatives passed the legislative appropriation bill which carries the mints and assay offices appropriation, the Carson City appropriation was left out. An attempt was made by amendment to include the appropriation for the Nevada assay office, but it failed.

JUNIOR GOLF GAMES FOR DEL MONTE COURSE

(By Associated Press.)

DEL MONTE, Cal., Jan. 19.—Announcement was made here recently that the second annual California state junior golf championship tournament will be played on the Del Monte course July 21-24 under the auspices of the California Golf association.

Alterations are being made at the Pebble Beach course, near here, which will lengthen it to 6250 yards, making it a standard course in every way. New greens have been put up at the first, seventh, ninth and twelfth holes, and a new green is planned for the fourteenth.

AMUSEMENTS

TOM MIX THRILLER AT THE BUTLER TODAY

The famous cowboy star, Tom Mix, will make his debut at the Butler today as an author and producer in his latest and greatest western thriller, "The Daredevil," which promises to be something new, for Mix is giving the public his idea of what a fast-moving, rapid-fire, sure-hit story of the west is, and how he believes real westerners would interpret it.

As in all Tom Mix productions, many thrilling and hazardous deeds of daring are performed by the author-director-actor and his supporting cast. Mix rides through waterfalls into the cave of the bandits jumping from his horse to a train moving at the rate of 30 miles an hour, rescues his sweetheart by swinging her from the train to the back of his faithful horse, and introduces some novel rope-throwing features. You will find "The Daredevil" a big photoplay, superbly handled, full of thrills and action and perfectly directed and photographed. Added to the feature will be a Ford Weekly and a Pathe Review.

Tomorrow, Charles Ray in "Forty-five Minutes From Broadway" Coming, beautiful Marion Davies, in "The Restless Sex," the picture that played the long engagement in San Francisco.

BASKET BALL GAME WILL BE HUMMER

Tonopah's basketball season will open with a bang Friday night, when two good games will be staged in the high school gymnasium. The definite arrangements for the preliminary game have not yet been announced, but if rumors can be depended upon it promises to have equally as much interest as the big game which will be played between the local high school boys and the boys' team from Stewart Indian school. The Indians have an enviable reputation as basketball sharks and the high school boys anticipate a hard fight Friday night, but have high hopes of carrying off the scalps of the Redskins, anyway.

An event of added interest to the people of Tonopah Friday night is the fact that a dance will be given after the basketball games. Since this is the first opportunity the public has been given to try out the new hardwood floor, everyone will want to judge for himself if the students are right in calling it "the best dance floor in Tonopah."

BUY NOW

We had a customer in Goldfield who made over Fifty Thousand Dollars in less than three months. He bought stocks at a cent and sold his accumulations all the way from 20c to 70c per share. He bought some Tonopah Divide at 3-4c per share. We do not know what he sold it for, but he must have got a good price.

The conditions everywhere indicate a big mining market within the next three months. We believe that the penny Divides will prove a bonanza to anyone who takes them on now. We believe that Rosetta will return a profit of 1000 per cent or more in sixty days. They are working now in a section directly under that portion of the surface where values around \$200 per ton are not uncommon.

Buy penny Divides. The gamble is small, the chances are big.

PRESS CONGRESS TO MEET AT HONOLULU

(By Associated Press.)

COLUMBIA, Mo., Jan. 19.—Following the announcement recently that the 1921 session of the Press Congress of the World would be held in Honolulu October 4 to 15, Dean Walter Williams, president of the congress, announced that the delegates will leave the United States about the middle of September.

The delegates will also take an excursion from Hawaii to the Philippine Islands following the sessions of the congress, according to Dean Williams.

Acceptance of Honolulu's invitation for the congress' meeting was decided on by the executive committee following a change in the government of New South Wales, Australia, Dean Williams said. The 1921 session was to have been held in Sydney.
